Dear Matt McGee and Tom McGee,

I just wanted to send you a letter to let you know how much I am enjoying my new home in the River Club! It was such a pleasure working with you during construction and you were so helpful with all of my questions and wishes! My home really turned out to be gorgeous place, and everyone who sees it is truly impressed!

I am excited about decorating and spending my first Holiday in this home! I will be sure to let everyone know how happy I have been with McGee Home Builders and will definitely refer you to anyone who is interested in building a new home. Thank you for making the building process such a pleasant one! I know that I will have many years of happiness in this beautiful home!

Sincerely,

Susan Brigham
