Dear Matt and Tom:

We sincerely appreciate all the support that you gave us during our new home construction. It was a pleasure to work with each of you. Please use our letter in your business as a recommendation for any potential clients/customers that you may build for in the future. We are happy to confirm that McGee Home Builders is a business of good character. During our involvement with our building process we greatly appreciated your honesty and reliability. Each of you worked in a very organized, conscientious and professional manner. We found you to be highly motivated and willing to work with us to achieve an outcome that each of us would be completely satisfied with. We are sure that McGee Home Builders can and will be an asset to the building needs of any future individuals who choose your

business as their builder. We will be happy to recommend your services to anyone we know and would choose your business as our builders should we ever decide to build again. Please feel free to use our names as a contact for any future clients who may need information.

Sincerely,
